*your MNA*

## Dear Neighbours,

For nearly four years, thanks to the trust you have placed in me, I have carried out my duties as MNA for La Pinière with both passion and humility.

From the very beginning, I assembled a constituency office team with the charge of providing the best service possible to our neighbours in La Pinière. With close to **500** citizen files handled since fall 2022, as well as **2,000** telephone calls and **15,000** emails, I feel confident in saying, "Mission accomplished!"

For my part, I set a goal for myself to be highly present in the riding and actively engaged with those partners tied to my critic responsibilities for the official opposition. With **800** meetings, visits, and activities prepared and carried out since 2022, I believe I have kept my word!

I have also hosted **26** editions of my Café de la députée, meaning **26** Sunday afternoons spent welcoming neighbours to my riding office for an informal and friendly exchange over coffee. These gatherings have allowed organizations and individuals to network, become better known, and support one another. The Café has consistently acted as a catalyst bringing everyone's wonderful energy together.

Through the Soutien à l'action bénévole program, I was able to distribute over **\$570,000** supporting over **200** community organizations serving the residents of La Pinière.

In 2025, to address the lack of information among residents about available resources for needs such as home support, food security, respite care, budgeting, housing, mental health, bereavement, and other challenges, my team produced a guide to local resources and activities. The 2026 edition was unveiled during my 25th Café de la députée on April 26. You can obtain a free copy at my riding office.

Since November 2022, I have been the official opposition critic for Seniors, Caregivers, Home care and for Montérégie. Recently, I also accepted to be critic for Tourism and Consumer Protection while continuing as Vice President of the Health and Social Services Committee, after having been Vice President for the Citizen Relations Committee for 3 years.

I hope to cross paths with you over the summer.

65<sup>th</sup> anniversary of LNDB

Andalusian evenings in Brossard

## About our schools

In fall 2026, 650 students in the riding of La Pinière will be able to attend a new 32-classroom elementary school on Boulevard du Quartier. This fall will also mark the completion of the expansion work at Lucille-Teasdale International School, which will be able to welcome 435 additional students to the international program thanks to 11 new classrooms and four new creativity and science labs, not to mention an outdoor classroom and a sports training area. Also, 16 new classrooms will open in the new two-storey wing at Saint-Laurent Elementary School, while the school's redevelopment will include a learning common area, a motor skills room, a teaching kitchen, a lunch space and multipurpose room, a music room, a visual arts room, and a complete revitalization of the schoolyard.

Harold-Napper School has also been enlarged with a new building, inaugurated on May 22, 2026. The new facility includes 11 additional classrooms, including two four-year-old kindergarten classrooms. Collaborative spaces for teaching staff and rooms adapted for small groups of students will help meet current needs.

## 50th anniversary of the Georgette-Lepage Library

I was delighted to attend the 50th anniversary of our beloved Georgette-Lepage library in Brossard, which also received more than **2.1 million** dollars in funding last year for renovations.

The story of the library perfectly reflects the heights a citizen-driven project can reach when its success is supported by political leadership willing to listen. Congratulations to all the dedicated individuals who have contributed to this great Brossard institution over five decades!

## New Day Care with 60 spots

A new 60-space CPE is being built at the corner of Boulevard de Rome and Stravinski Street. The planned completion date for the Plaisir d'enfants CPE is July 27, 2026. In the meantime, the 60 spaces are being offered in a temporary facility. More services for our families!

Please note there are many available non-subsidised daycare spots in private facilities. The government has not yet converted these into subsidised spots as promised. To be continued.

## Local Resources and Activities for Seniors

Distributed free of charge at my riding office and available on my website:

[www.lindacaron.ca](http://www.lindacaron.ca)

Take note

Are you holding a coffee klatsch or neighbourhood gathering? I would be delighted to take part! Contact my team to check my availability: 450 678-0611
